Tailor-made for everyday use

Use the Padlock for gym lockers, delivery boxes or to secure yard gates. Its versatility offers endless possibilities. The shackle is interchangeable to allow for a more customised fit on different gates, doors, garages and more.

A protective silicone case is available for added protection against the elements too.

Accessories sold separately.

Safeguard your assets, always

The Padlock is a tough nut to crack. Built with heavy-duty and rust-resistant materials, the Padlock can withstand >25kN cutting force and >15kN pulling force to keep your property and assets safe.

Convenience made smart

Let guests in any time of the day, even when you're miles away! The igloohome mobile app lets you manage access in the palm of your hands.

There's no need for users to download an app to receive PIN codes, or for you to be near the Padlock to grant access. You can simply send Bluetooth keys to track activity logs in real-time.*

**Note: PIN code activity logs are updated when you sync the lock via Bluetooth.*

Syncs with Airbnb

Easily connect your Airbnb account via the igloohome app to automatically create and send PIN codes for each guest according to your listings.

Ultimate balance between security and convenience.

-  **Auto relock**
The Padlock auto relocks once the shackle is closed.
-  **Keypad security lockout**
Keypad is disabled after several incorrect PIN code attempts.
-  **Masking security code**
Conceal your actual PIN code by entering random digits before it.
-  **Relock reminder alert**
The reminder alert prompts you to fasten the shackle.

The small details matter.

-  **Secured battery cover**
Deter unwanted tampering with Torx Security design.
-  **Hardened shackle**
Made with hardened stainless steel and anti-corrosion materials.
-  **Low battery alert**
Prompts you intuitively to replace the batteries before they run out.
-  **Emergency jumpstart**
Jumpstart with a 9V battery if batteries are drained.

Flexibility for enhanced user experience.

-  **Convertible shackle configuration**
Retained or removable shackle configurations for versatility.
-  **Protective silicone case**
Added protection from weather elements, scratches and dust.
-  **Interchangeable shackle**
Shackle is interchangeable to cater to your needs.
-  **Volume control**
Adjust the volume to suit your preferences.
